

HYDROCARBON POTENTIAL OF EGYPT

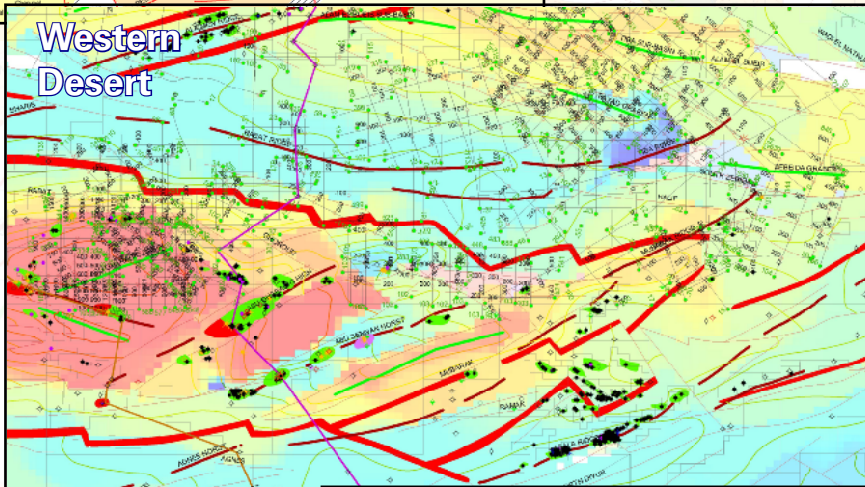

EXPLORATION ADVISER GIS & REPORT

RECENTLY UPDATED FOR 2015 TO INCLUDE EGAS AND GANOPE BID ROUND OFFERINGS

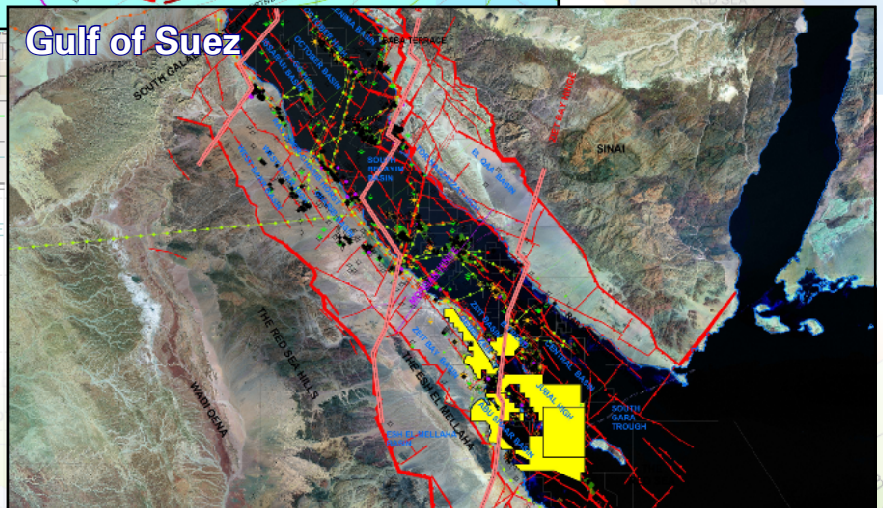

Nile Delta

Western Desert

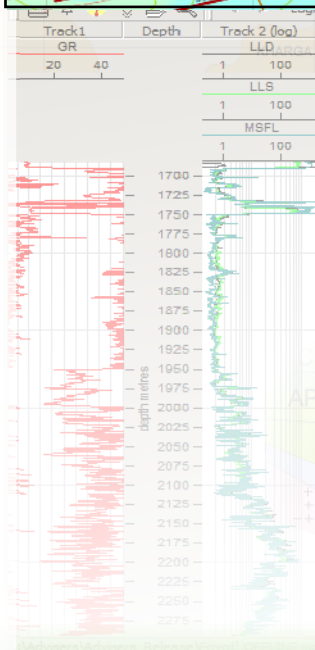

Gulf of Suez

- Regional ArcGIS-based studies
- Comprehensive well & field databases
- Digital well & seismic data
- Cross-sections across the country
- Structure & isopach mapping
- Paleogeography mapping
- Producing field maps
- Play fairway mapping

- CRS risk maps for key horizon targets
- 4-volume hydrocarbon evaluation report
- Detailed stratigraphic synopses

- Western Desert Play Fairways
- Wells and Hydrocarbons Shows
- Fields
- Structural Features
